Kentucky Governor Fletcher Appoints Members to the Kentucky Board of Hairdressers and Cosmetologists

September 26, 2007 - - Frankfort, KY. - Kentucky Governor Ernie Fletcher has appointed two members to the Kentucky Board of Hairdressers and Cosmetologists.

Leland Michael Moore, of Alexandria, is the owner of Michael's College of Hair Design and Mi Salon Spa in Florence. He received an associate's degree from the University of Cincinnati. Moore is a member of the Salon Association, Professional Beauty Association, Intercoiffure, National Cosmetology Association and the Northern Kentucky Chamber of Commerce. He is married to Idajean Moore.

Tammy R. Rouse is a cosmetology and esthetic instructor at Gateway Community and Tech-

nicol College. Rouse received her degree in cosmetology from Gateway Community and Technical College. She is a member

of the Look Good Feel Better Program for the American Cancer Society, the Cosmetology Educators of America, the National Cosmetology Association, and is Co-Chair of the Gateway Community and Technical College Advisory Board. She is married to Anthony J. Rouse.

The Kentucky Board of Hair-

dressers and Cosmetologists is made up of five gubernatorial appointees. The board is charged with making periodic inspections of beauty salons and beauty schools in assigned areas; determining whether each individual and business has the required license; following up on complaints regarding those individuals working without licenses; investigating other violations of the law and inspecting premises of salons and schools to determine compliance with sanitary standards and physical requirements as established by the board.

GIFT CARDS MAKE THE PERFECT GIFT

If you need employee gifts, a gift card to your employees for a massage or other service is a great way for them to relax. Relaxed employees are happy employees. Gift cards also make excellent incentive rewards for those in-house promotions and are available in any denomination.

Gift cards make the perfect gift and can be used for any

service in the salon or spa as well as for retail products. You can stop your search for that "just right" color or size. Remember that gift cards are always the right size, right color and fit in any wallet. You will never hear "does this gift card in my pocket make my butt look big?"

You can purchase your gift card at any register, by

phone or order on line at www.misalonspa.com.

Mi Salon Spa recently held a cut-a-thon to raise money for Operation Christmas Child, A Project of Samaritan's Purse. "Since 1993, this Samaritan's Purse project has shared the Good News of God's love with hurting children through the simplest of gifts—shoe boxes! Filled with school supplies, toys, and per-

sonal items that are packed by caring people, these boxes introduce children to Jesus Christ" according to Franklin Graham, President of Samaritan's Purse.

Providing haircuts, eyebrow waxes, manicures, pedicures, and seated massages at reduced prices, **Mi Salon Spa** was able to

raise over \$3,000 for this great cause. Grilled hot dogs, a bake sale and some great raffle items also contributed to this total.

The staff of **Mi salon Spa** donated their time and services to support the cause. This is the third annual cut-a-thon held at **Mi Salon Spa** and they look forward to many more.

Michael's College returns to high school

That's right, Michael's College has gone back to high school by the invitation of Boone County and Ludlow High Schools.

On a warm sunny day this fall, Brenda Arrowsmith, college director, packed up her posters, brochures, pictures, TV/DVD player and mannequins to participate in a job fair for graduating seniors at

Michael's College of Hair Design has a new fresh logo.

Ludlow High School. A job fair at Boone County High is scheduled for November 14.

Brenda, with assistance from Cassie Heckler, (Ryenne), a stylist at Mi Salon Spa, spent the morning talking to students about a career in cosmetology. A degree in cosmetology does not limit you to just cutting hair. Theater makeup artist, manufacturer sales representative, nail technician, esthetician or hair

extension specialist are just a few of the career paths you can follow with your license.

As a member of the American Association of Cosmetology Schools, we want to give you every opportunity to see why so many people recommend our school! Call Brenda Arrowsmith, director, at (859) 282-7333 to arrange for a tour of the facility and interview for classes that begin every eight weeks. Financial assistance from Sallie Mae is available.

New Instructor at Michaels

Say hello to Tonya Dugan. Tonya has joined the staff at Michael's College of Hair Design as a Junior Instructor.

Tonya was actually a graduate of Michael's College of Hair Design, although she won't divulge how long ago. Tonya wants a career that involves helping the public while doing a job she enjoys. Her goal is to deliver world class customer service.

What is Chemical Exfoliation?

Chemical exfoliation is a cosmetic, chemical treatment to help lessen the appearance of blemishes, freckles, age spots, light scarring and any number of skin irregularities on the face. Chemical exfoliation can improve the appearance of fine lines and wrinkles, and give new life to sun damaged skin.

Mi Salon Spa utilizes products from glōtherapeutics, which are

medical grade formulations designed to achieve subtle, gradual or astonishing transformation. The glōtherapeutics belief is to properly exfoliate the skin while repairing, rebuilding and renewing.

Mi Salon Spa offers enzyme, lactic, salicylic, glycolic 30%, glycolic 60%, modified jessner and TCA. The specific treatment for your skin condition will be determined only

after a required and detailed consultation with your esthetician.

The best months for chemical exfoliation are from September thru March when the sun is not so intense. Ask any of our appointment specialists to arrange your free consultation.

Take the first step to a fresher new look today; your skin will thank you.

Enjoy Re-hydrated Hair

Dehydration Therapy

Calling all styling / flat-iron / blow dry / curling / crimping / teasing / twisting fanatics and those with naturally frizzy, dry or long hair. This replenishing regimen corrects moisture depletion using luxurious formulas that replicate and supplement natural lipids to help protect and repair the scalp and promote optimal moisture balance, body and shine.

Bumble and Bumble dehydration

therapy can be used by anyone with longer, dry, dull, frizzy or hard-to-manage hair (non chemically treated).

Damage Therapy

If you color, chemically straighten or perm your hair you can enjoy soft, silky healthy hair. De-stress colored, permed, straightened, and otherwise tortured hair. Nutrient-rich formulas enrich and protect color, rebuild, strengthen and ward against chemical and environmental damage, and turn straw to gold

(well, almost). **Bumble and Bumble** damage therapy can assist you in repairing your damaged hair.

Usage Notes:

1. Cleanse: shampoo hair with cleanser. Low-lather formula is gentle and prevents stripping.
2. Condition: be sure to moisturize, even if you do not shampoo every day.
3. Apply complex: work through towel-dried hair, apply sparingly. This leave-in wonder works all day long.

Reopening Envelope

If you seal an envelope and then realize you forgot to include something inside, just place your sealed envelope in the freezer for an hour or two, Viola! It unseals easily.

Escape the stresses of life and discover a new environment of relaxation and beauty.

Nail Tek HYDRATION THERAPY

HYDRATION THERAPY incorporates pure water into an optimal strengthening formulation. It accelerates growth without drying out the cuticles and nails. This proprietary formulation includes **Pen-tavitin**, a unique 'water magnet molecule', which effectively banks water at the nail surface. HYDRATION THERAPY

prevents moisture loss and maintains the natural moisture balance within the nail plate and nail bed. Water-soluble vitamins, A and E, and calcium, provide a nutrient enriched environment for healthy nail growth. The result is healthier, noticeably smoother nails that are stronger and more flexible.

Education is where you find it!

The staff of **Mi Salon Spa** has been accumulating the air miles of late. Amy, Nancy, Diane, RYANNE, Nathalie, Idajeane, Josh, Brooklyn, Ashley, and Monroe learned the latest hair styles and new cutting techniques at the renowned **Vidal Sassoon Academy** in California.

Special emphasis was given on reading the scalp for shape to determine whether a hairstyle will work for a client. "Sometimes it's okay to tell a client that a hairstyle is not for them" said Brooklyn, one of the attendees. "We received a large amount of information to help us stay excited about what we do for our clients."

Idajeane and Josh also attended training at **The Redken 5th Avenue Studio** in New York. They received training in new cutting techniques and also studied new Red Carpet up do's and difficult bang solutions.

Shahrzad attended a class on cutting techniques and styling held by **TIGI Academy**

in New York City. The classic, shattered, and inverted bob cuts were demonstrated. Shahrzad returned home with some new razor techniques along with two new men's haircuts.

Jessica and Addison, our color specialists, attended a three-day hair color session at **The Wella Studio** in New York City. They learned new foiling techniques and corrective work to bring you the latest in hair color fashion.

Locally, Robert Reyes, an internationally recognized hair designer and hairdressing veteran from **Wella**, recently conducted a two-day seminar on formal hair styles for the staff of **Mi Salon Spa**.

FloraSpa conducted in house training on advanced facial techniques, body treatments and aroma therapy sessions for our esthetician staff in the spa.

Never Stop Learning!
