Fresh New Website For Mi Salon Spa

Our new website is complete! The original website was starting to look dated. The newly designed site has a clean, crisp, stylish look and is easy to navigate.

Information is only helpful if you can easily find it. With that thought in mind, we separately listed salon services and spa services.

Select the **SALON** icon and choose from hair styles, color services, hair relaxers, hair straightening and waxing.

Choose the **SPA** icon for skin care and relaxation services. Select the massage icon and you will see pictures demonstrating our specialty massage offerings. Wondering about a body scrub or wrap? Click on that topic and see for yourself.

There is also a link to our earlier editions of *Mi News* so you can view them online. If you wish to receive *Mi News* by email, just drop a note to news@misalonspa.com and we will be happy to add you to the distribution list.

If you have any spa questions that you may be embarrassed to ask, we can help. Click on the "Useful Spa Information" under the **SPA** heading. You can find important information to help you have a pleasant experience.

Clicking on any gift card icon will redirect you to a secure site for online purchasing day or night. Your order will be processed within one business

day. Know what you want but not sure how to drop the hint? Click on the "Send A Wish" icon and

you can send an email wish list to your special someone.

View our **Gallery** to see pictures of "before and after" hair styles, charity benefits, education training, or tour the facility.

We have a link to **My Space** and even a short story about the owners and the salon history.

“Mi Salon Spa continues to invest in continuing education”

It's out best-kept styling secret yet, but don't keep it under your hat.

Mick Unkraut Fundraiser - Huge Success!

Sunday March 30th, **Mi Salon Spa** was the site of a fundraiser for Mick Unkraut. Mick is fighting the disease that strikes fear in everyone's heart: cancer. This disease does not care if you are man, woman, child or adult. It reaches out and affects individuals along with their family and friends.

Mick, father of Libby, one of the **Mi Salon Spa** family, has chosen to fight back and is undergoing gene therapy treatment. The

M.D. Anderson Cancer Center in Houston is where Mick will undergo his expensive treatment which is not covered by insurance.

A tremendous response for this event had all hair, nail and massage services sold out in just 30 minutes after the doors opened. Some individuals chose to just donate and accepted no service.

The family is most appreciative of the outpouring of support and offers a sincere Thank You to those who attended and co-workers who volunteered their time and talents.

TIGI Artistic Director Leads Class

James G. Morrison co-founder of TIGI International and the current International Artistic Director conducted a hands on education class at Mi Salon Spa recently.

Stylists were educated in the newest trends and techniques for creating “cutting edge” styles.

Morrison has received countless accolades for his creative talent as a hairdresser and role model in the beauty industry,

including his selection as a finalist for Master Hairstylist of the Year by the North Ameri-

can Hairstyling Awards in 2005 and 2006. He was also named on of the “Top Educators of the Century” by *Modern Salon Magazine*.

Mi Salon Spa continues to invest in continuing education by either bringing top talents to N. KY or by attending training sessions around the world.

Bumble and Bumble; Spray de Mode

A year ago, science smiled on us when one of our brilliant chemists found an ingredient combination that offered the elusive flexibility our hairdressers seek when styling for the fashion shows. The

product; **Spray de Mode**, a multi-dimensional styling tools with many talents. Flexible hold, workability, exceptional memory and it can take heat and repeated brushing (flake free). It makes a great, quick-drying finishing spray, too.

Use this while styling dry hair, with heat tools or as a flexible

finishing spray. Hold about 10 inches away from hair and spray in fluid, even strokes. When using heat tools, separate hair into sections and mist each just prior to contact. To finish, apply evenly to dry an styled hair.

Spray de Mode - don't keep it under your hat!
