Looking for a Recession Proof career?

In less than one year a new profession is possible at **Michael's College of Hair Design**. Unlike some career choices, this profession offers the opportunity for flexible hours. Michael's College has smaller class rooms giving one on one attention. Their instructors have advanced training with the latest technology and techniques. Also, check out the new referral

program at **Michael's**.

If you refer someone to **Michael's College of Hair Design** they will reward you and the graduating student for your efforts! Simply fill out the referral form and have the student bring in the form when they enroll in the program. Upon graduation from the program, both of you will receive \$250. Some restrictions do apply.

For more information about a new career in cosmetology, the Jack Moore Scholarship application, college enrollment or admission information please visit our website at: www.michaelscollege.com or call 859-282-7333 to arrange a time to tour the College and Mi Salon Spa.

Fundraiser for Breast Cancer

On Sunday, March 29th from 11am-4pm our salon held a fundraiser for the I Have Wings Foundation. This foundation is "dedicated to increasing an individual's confidence while fighting breast cancer through educating,

encouraging, and inspiring."

The salon and spa performed 87 haircuts, 19 seated massages, 27 eye brow waxes, and 33 buff and polishes. Along with all of the services performed, the bake sale and raffle was also a huge success. Mi

Salon and Spa raised a total of \$3,700 for this great cause. For more information

on this foundation checkout their website at <http://ihavewings.org>.

New glōtherapeutics glōClear collection

“The new glōtherapeutics glōClear collection has boosted my confidence !”

-Lexus

This new collection is **“formulated specifically to treat breakouts and acne, control oil production, unplug compactans, eliminate bacteria and reduce inflammation.”**
-www.glōtherapeutics.com

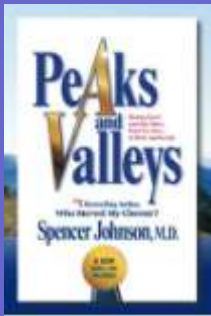

Recently one of our estheticians at Mi Salon and Spa, Lexus, tried this new system. After using this collection for only two days, her inflammation was gone. One week later she noticed a clear tone, a great texture, and a glow to

her face. Also, the clogged pores on her nose had diminished. While results do vary, only two weeks after Lexus began using this collection her skin had cleared and she has gained a boost of confidence!

This collection includes the glōclear acne cleanser, anti-blemish cleanser, anti-blemish treatment, complexion pads, healing gel, and refining mask. Each product is sold separately and available at Mi Salon and Spa beginning in June 2009.

For further questions about these new products, call and talk to one of our estheticians or go to glōminerals' website at: glōtherapeutics.com.

“A great read that changes the way you will look at life and handle situations in your future!”

Josh Featured Stylist Hair Tips

For Beach Waves.....There are many ways to get sexy beach waves in your hair with little effort this summer. *Josh* recommends spraying damp hair with **B&B's SURF SPRAY**, splitting your hair into two ponytails, one on each side of the head, and then braiding each ponytail.

Next tie the braids into two large knots and clip them to your head, letting them air dry. Pull the braids out when dry, and loosen the wave by

spreading some **POTION 9** from Sebastian in your hands and gently running your fingers through your hair. This will provide a soft, tousled wave.

For UV PROTECTION/CHORLINE REMOVAL....if you are looking to protect your hair from sun damage this summer, *Josh* recommends **SEBASTIAN'S HALOMIST**. This is a silky lightweight polishing spray which you spray onto damp or dry hair for luminous shine and UV protection. After swimming follow up with **B&B's Sunday Shampoo**.

For DRYNESS PREVENTION.. Prevent brittle dry damaged hair by adding a moisturizing shampoo into your cleansing line-up a couple of times a week during the summer months. Also, using a moisturizing conditioner in the summer months can add instant shine to your hair. *Josh* suggests skipping the regular conditioner if you have a fine textured hair and instead use a light gentle leave-in conditioner. **SEBASTIAN'S POTION 9** is the perfect lightweight leave in conditioner, This also mends and strengthens the hair strand with its 9 botanicals. It will heal the hair, add shine, and is very lightweight for easy management.
